Training SAFe® for Teams

SAFe for Teams

Learners taking this course are: Program or Project Manager, Scrum Master, Team Lead, Release Train Engineer, Business Analyst, Agile Coach, Program Manager, Product Owner, Manager Change-

Level:
Intermediate

Duration:
16 hours

Prerequisites:
All are welcome to attend the course, regardless of experience. However, the following prerequisites are highly recommended for those who intend to take the SAFe® Practitioner (SP) certification exam:

• Familiarity with Agile concepts and principles
• Awareness of Scrum, Kanban, and XP
• Working knowledge of software and hardware development processes

Course description

Build the skills needed to become a high-performing team member on an Agile Release Train (ART)—and learn how to collaborate effectively with other teams—by becoming a SAFe® 5 Practitioner (SP). During this 16 hours course, attendees gain an in-depth understanding of the qualities of high-performing Agile Teams, the ART and how it delivers value, and what they can do to effectively perform their role using Scrum, Kanban, and XP. Attendees also learn how to write Stories and break down Features, plan and execute Iterations, and experience a PI Planning event. Finally, attendees learn about the Continuous Delivery Pipeline, the importance of a DevOps culture, how to effectively integrate with other teams on the ART, and what it takes to continuously improve.

Attendees also learn how to write Stories and break down Features, plan and execute Iterations, and experience a PI Planning event. Finally, attendees learn about the Continuous Delivery Pipeline, the importance of a DevOps culture, how to effectively integrate with other teams on the ART, and what it takes to continuously improve.

Learning Goals

To perform the role of a SAFe® Practitioner, attendees should be able to:

1. Apply SAFe to scale Lean and Agile development in their enterprise
2. Know their team and its role on the Agile Release Train
3. Know all other teams on the train, their roles, and the dependencies between the teams
4. Plan iterations
5. Execute iterations and demonstrate value
6. Plan Program Increments
7. Integrate and work with other teams on the train

Topics Covered

16 hours

1. Introducing the Scaled Agile Framework (SAFe)
2. Building an Agile Team
3. Planning the Iteration
4. Executing the Iteration
5. Executing the Program Increment
6. Practicing SAFe®

What Attendees Get

1. Attendee workbook

2. Preparation and eligibility to take the SAFe® 5 Practitioner (SP) exam

3. One-year membership to the SAFe Community Platform

4. Course certificate of completion. Attendees must attend 100% of the course.

Exam & Certification Details - OPTIONAL

Exam details

- **Exam name** – SAFe® 4 Practitioner Exam – or – SAFe® 5 Practitioner Exam
- **Exam format** – Multiple Choice, Multiple Select
- **Exam delivery** – Web-based (single-browser), closed book, no outside assistance, timed
- **Exam access** – Candidates can access the exam within the SAFe Community Platform upon completion of the SAFe® for Teams course
- **Exam duration** – Once the exam begins, candidates have 90 minutes (1.5 hours) to complete the exam
- **Number of questions** – 45

- **Passing score** – 35 out of 45 (77%)
- **Language** – English
- **Exam cost** – The cost for the first attend is 100 USD and is not included in the course
- **Retake policy** – Second attempt on exam (first retake) can be done immediately after first attempt. Third attempt requires a 10-day wait. Fourth attempt requires a 30-day wait.

Exam study materials

The exam is designed to measure knowledge and skill related to the job role. We highly recommend candidates use a variety of resources to prepare for this exam including:

- **Course materials** – The course materials are an essential artifact from the course and can be downloaded from the SAFe Community Platform. These materials can be used to refer back to the content that was presented during the class.
- **Study guide** – This comprehensive guide details the job role and all resources related to the exam, including a detailed reading list. Access is available through the Learning Plan in the SAFe Community Platform upon course completion.
- **Practice test** – The practice test is designed to be predictive of success on the certification exam,* and it has the same number of questions, level of difficulty, and time duration. It is part of the Learning Plan in the SAFe Community Platform and can be taken an unlimited number of times at no cost. *This is not the actual exam, and passing it does not guarantee success on the certification exam.
- **Sample Questions** – A web-enabled, flashcard style version of the sample questions can be found online and in the study guide

What you obtain if you get the certification

Becoming a Certified SAFe® Practitioner requires an exceptional range of skills and is a career path for many servant leaders. Certification includes:

- Certified SAFe® Practitioner PDF certificate

- Certified SAFe® Practitioner digital badge to promote your accomplishment online

- One-year membership to the SAFe Community Platform, which includes access to the SP Community of Practice

- Access to Meetup groups and events that connect you with other certified SAFe professionals

- A variety of learning resources to support you during your SAFe journey
